Video Promotion and Content

If unsure about success post LinkedIn native videos, not YouTube

People in videos always better than just explainer graphs with charts

Maximum of 30 seconds with links to further material on your website

Concrete content that benefits the target group

No mere announcements such as new partner

Point out own competence and give examples

Attention: Bad videos are also correspondingly more damaging than bad texts

As a member of the oil & gas industry, I am proud that our products were used in the manufacturing of the vaccine, the refrigeration of the vaccine, the storage of the vaccine, the injection of the vaccine and for being 100% required for the physical distribution and delivery of the vaccine including all the vehicles carrying the vaccine. I am pleased to see that an agreement on post-Brexit trading arrangements between the EU and UK has been reached and can now go to the [Council of the European Union](#) for approval and the [European Parliament](#) for ratification. While I still regret the UK's decision to leave, the deal is important especially in this moment of high uncertainty. Thank you to the negotiating team for trying hard for a deal until the last hour.

Call to action

"Dear Ms Lagarde, although I am very happy that a Brexit agreement has been reached, a major legal factor for the Brexit is ABC and will have as consequence DEF. One can avoid this by GHI. My law firm has been doing GHI for clients such as Brand name 1, Brand name 2 and many others. I myself have published a book on GHI (link). Please see our client's voices at link. I would be happy to speak to you on that matter free of charge and can send you time-suggestions for a teleconference. Best, Angela Jones."

Define goals for the meeting

Define sales and cross-selling signals

Define exit scenarios
